August 12<sup>th</sup>, 2022,

It has been brought to our attention that the help desk has been receiving a high number of calls regarding death amendments.

Please note, it was identified that death amendments were not being properly reviewed, so the state has established new processes for the review of the amendments, and this may result in a longer processing time.

Please allow a minimum of 3 business days to process the amendments before reaching out to the state and if you would like to know the status of the amendment, please click on this link:
